To whom it may concern

RE: Reference for Francesca Ashley-Cooper

Francesca was employed as a manager at Oblivion for the year of 2005, and was an invaluable asset to the restaurant since her arrival.

Francesca is an extremely hard worker, diligent and reliable. Francesca had an excellent relationship with her peers, including the kitchen staff and the owners. She was also exceptionally highly valued by the other members of the management team, for whom she was always willing to go the extra mile.

Francesca was very skilled in IT and used her experience of graphics to improve the image of Oblivion both in the restaurant and on the website. Francesca was never frightened of a challenge and managed to learn and master a very temperamental till and computer system with very little assistance.

We wish Francesca well in any future endeavours, and I would be happy to answer any questions concerning Francesca's' abilities or other employment details.

Yours Sincerely

Tracey Burke
Director
